PRASHANT RAO

Frontend Developer | React & Angular Specialist | Web Accessibility & Agile

Hyderabad, Telangana | prashantrao744@gmail.com | +91-9111750038 | linkedin.com/in/prashant-rao-8088771b3

SUMMARY

Frontend Developer with 4.8 years of experience in building scalable and accessible enterprise web applications using React JS, Angular, TypeScript, and Node.js. Led delivery of the web application UI achieving 30% reduction in UI defects by developing reusable and modular components. Recipient of Accenture Celebrates Excellence for the significant contributions in 6+ enterprise projects; utilizes AI-assisted engineering and adheres to web accessibility standards (WCAG 2.1 AA).

EXPERIENCE

Custom Software Engineer Analyst — Accenture

Jan 2022 – Present | Hyderabad, Telangana

- Developed and maintained enterprise web applications using React, Angular, TypeScript, JavaScript, HTML5, and CSS3 to design features and functionalities aligned with business requirements.
- Built reusable components and modular frontend architecture, improving maintainability, consistency, and development efficiency across multiple applications.
- Converted Figma designs and business requirements into responsive web interfaces while maintaining WCAG AA accessibility and cross-browser compatibility.
- Reduced UI defects by 30% through code reviews, coding standards, systematic validation, and defect resolution.
- Improved application performance by 35% through lazy loading, state optimization, component optimization, and API request tuning.
- Integrated RESTful APIs and collaborated with backend teams on data contracts, SQL query optimization, error handling, and end-to-end feature integration.
- Implemented state management, form validation, routing, dynamic components, and reusable services for complex enterprise workflows.
- Leveraged GitHub Copilot and Claude for code generation, debugging, refactoring, and development acceleration.
- Developed GenAI-powered conversational functionality to streamline enterprise support workflows and improve user interaction.
- Collaborated with UX/UI, QA, backend, product, and business teams across requirements of analysis, development, testing, deployment, and production support.
- Contributed to Agile/Scrum ceremonies, sprint planning, code reviews, technical discussions, defect triage, and release activities.

SKILLS

Frontend: React, Angular, Next.Js, JavaScript, TypeScript, HTML5, SCSS/CSS, Tailwind CSS, Bootstrap, Material UI, AEM PWA, Jest

State / Backend: Redux, Zustand, Node.js, MySQL, GraphQL

Practices & Tools: WCAG 2.1 AA/A Accessibility, Responsive Design, Git, CI/CD, Figma, DRY and SOLID principle, Micro Frontend

EDUCATION

Master of Computer Application — IPS Academy, School of Computers, Indore, MP
